A PROPHET TO THE NATIONS - PT 2_ JER 1 - 2
BY HERBERT W. ARMSTRONG

00: 28: 40 MIN

AC: Below on page 7, Mr. Armstrong explains about type, antitype, former, forerunner, physical and spiritual and this is the most material I have seen on this subject in one place.

00: 30 MIN

HWA: Now, what's going to lead up to that Wonderful World Tomorrow because world peace is coming? But, it isn't coming immediately, instead it's going just the other way. Mankind is bringing down on his head nothing but annihilation and destruction. Alright, I wonder if you realize, my friends, that every bit of this history of what is going to happen; these cataclysmic events that are going to happen between now and that wonderful world tomorrow. We have a lot of lessons to learn before we're going to have utopia. We're going to have it, make no mistake about it. But we have lessons to learn in the meantime. The reason we don't have it now, the reason we have world chaos, the reason we've have unhappiness, the reason we've had world wars, broken homes; all these things that beset us today, is that we have not lived right. We've have not learned the true values.

01: 23 MIN

HWA: We have not learned the laws that God Almighty set in motion. We're breaking those law., and we're suffering the result. Now, we have a lot of lessons to learn. And so, before we learn those lessons and we haven't learned them yet, we're still writing them. There's going to be more terrible things happening in this world. And every bit of it is written in the pages of your Bible. About 1/3 of all the Bible is devoted to prophecy and about 90 % of all prophecy relates to those events that are going to happen between now and this coming utopia that will happen within the next few years, and so the largest part of the events that are going to rock this world to its foundation that are going to shake this world as it has never been shaken before, they're going to happen. Things that will dwarf World War I, World War II will dwarf them to insignificance and almost 1/3rd of your Bible is devoted to writing out the account of what's going to happen in advance and very few people know it because prophecy has been closed and sealed until now and men and churches and organizations of men have not been able to understand it until this time of the end but we've reached that time now. God's time has come. And now the great deep mysteries of God that have formed about 1/3rd, this neglected third of your Bible are revealed and opened up.

02: 57 MIN

HWA: Now, one of the very important books in this 1/3rd of the Bible is the book of Jeremiah. And so we started going through it to see what is going to happen. Now, Jeremiah just gives a part of the prophecy, of course. There's Isaiah, there's a lot of it even back in Deuteronomy and even some of the books of Moses. You'll find some of the prophecies in the Psalms and you'll find it in all the other prophecies of the Old Testament; Isaiah and Ezekiel and then the so-call minor prophets all the way through the rest of the Old Testament. And you find it in the teachings and prophecies of Jesus and the writings of the Apostle Paul and especially in the book of Revelation. All through the Bible you'll find prophecies. But now to fill in and to get some of the specific prophecies and taking the time in this daily series, day after day and night after night, to just go through some of these books a little more specifically. Now, we're taking the book of Jeremiah and it says here that the word of THE ETERNAL came to Jeremiah in the days of these last three Kings of Judah just before or during the time of the various sieges and invasions of King Nebuchadnezzar approximately 600 years before Christ.

04: 14 MIN

HWA: In fact, they began they began about 604 and carried on down to about 580 B.C. From about 604 B.C. to about 580 B.C. and Jeremiah's commission did not even end at that time. Although, [the message that he wrote ended by that time](#). Now then, notice that the word of THE ETERNAL, He said, came to me saying, ([Jer. 1:5](#)), before I formed thee in the belly I knew thee, and before thou camest out of the womb, I sanctified thee and ordain thee a prophet unto thee nations. Notice more than one nation. Now he was sort of a go between the Chaldean Empire and the Kingdom of Judah and Nebuchadnezzar and these three last kings of Judah or there was really another king in there too that lasted about, what was it, about eleven days, wasn't it; just a very, very short time. But Jeremiah was a prophet [to both Israel and Judah](#). Now, let me explain something again, get this clearly in mind, you need also our booklet the United States in Prophecy. You need to know, where the United States is mentioned in prophecy, because, my friends, over a hundred years before Jeremiah wrote, the Kingdom of Israel had been driven into an Assyrian bondage.

05: 33 MIN

Now, the twelve tribes of Israel, had become divided, into two different nations. One called the House of Israel; the other the House of Judah of Kingdom of Israel and Kingdom of Judah. And the Kingdom of Israel composed ten tribes and that is including two tribes for the one tribe of Joseph who was divided into the two tribes of Ephraim and Manasseh. The other three tribes formed the Kingdom of Judah. So, in a sense, there were thirteen tribes altogether because Joseph was given his double portion you know, and so the Kingdom of Israel had the birthright promise; in other words God had promised Abraham that his descendants would become the greatest nations on the face of the earth. Not just one nation, but Ephraim, who was given the

birthright, was to become a great commonwealth of nations. The greatest of the kind that the world had ever known. And then Manasseh, finally just split off from Ephraim, they were to grow together until along into comparatively latter days such as we're living into now, and then they were to divide and Manasseh was to become the greatest most powerful single nation on the face of this earth. Now, God promised that to Abraham unconditionally because as you read in the twenty-six chapter of Genesis, because that Abraham had obeyed God voice, kept His charges, His commandments, His statues and His laws. That how much God loves obedience to His laws.

07: 12 MIN

HWA: The only reason we're having war; why God allows war because He allows man to break His commandments, that's all. And because God does not cram His religion down our throat. God has ruled that mankind must make His own decision. And mankind, as a whole, has made the wrong decision. But Abraham did walk with God. He obeyed God and God made him this promise unconditionally that part of his descendants, those coming especially from Ephraim and Manasseh, who were his, well great, great grandsons now as the sons of Joseph as they turned out to be, were to become the greatest single nation and the greatest group or commonwealth of nations in the history of the world. They were to have the greatest prosperity and the greatest military power although they were not to be military nations, but if and when they were invaded, they were going to completely put any invaders to flight, and all that sort of thing. Now, God also promised a kingly line and a Messiah. That promise, called the [scepter, went to Judah](#). And was descended down through the tribe of Judah. Now, David was of the line of Judah. And God had promised David that his kingly line, his dynasty would never cease. From that time on through all generations, [David would have one of his own flesh and blood descendants](#) sitting on the [throne](#). And, Christ was to come of that line. And ultimately, Christ is to take over that throne and rule forever. So that David's dynasty remains solid forever and forever. You'll find all the scriptures about all of that where you can turn to it and read to it in your own Bible in this booklet The United States in Prophecy; be sure to get it.

09: 08 MIN

HWA: Now, the house of Israel that had the birthright promise, that comes by right of birth; having nothing whatsoever to do with grace or with salvation but just becoming great nations in this present evil world.., that's all. That promise, one in the house of Israel and the two tribes of Joseph and they had been driven out around 721 B. C. into Assyrian captivity. Now, Shortly after that, and actually considerably before Jeremiah's time, they had [migrated northwest from the southern shores](#) of the Caspian Sea, over around ancient Assyria and there they were lost site of. But prophecy shows where they were to go and they were to be found in these latter days in islands [directly northwest of Jerusalem](#) across Europe.

10: 10 MIN

HWA: And we find the history of the British people and how the first history that we find of them was along in oh..., sort of central Europe or southeastern Europe from about the same point where we lost track of the ten lost tribes. And so, my friends, that where they are today. Now, to understand that, you have to know where we are mentioned in Bible prophecy. And that the United States is today that great nation. And the British Commonwealth are the great company of nations, and the others of the ten tribes are mostly the so-called democracies of northwestern Europe. And so, my friends, when it talks of the House of Israel, in prophecies for these latter days..., it's talking of us.

10: 45 MIN

HWA: Why have the prophecies been closed and sealed until now? Because, that is one of the vital keys that has not been understood. They were called the lost ten tribes and they were lost so far as identity is concerned in the world until the time of the end. But, we're in that time now. Now is God's time to reveal these mysteries, these deep secrets that we should know. And now we can know where the United States is mentioned and who it's speaking about.

11: 05 MIN

HWA: Now, the Jewish people are merely the tribe of Judah and the other tribes of Benjamin and Levi that constituted the old house of Judah. Alright, now then, notice, Jeremiah was a prophet to the house of Israel as well as the house of Judah! And so God had ordained him a prophet unto the nations. Now then, God says here in verse ten,

11: 35 MIN

HWA: (Jer. 1:10) See, I have this day set thee, Jeremiah, over the nations and over the kingdoms [That's Israel and Judah], to root out, and to [pull down, to destroy, and to throw down..., now what did he root out and throw down and tear down and destroy? Why it was the throne, the throne of David that had been planted in Judah]. And you'll find that God said it was to be overturned, yes, three times, again after the first overturn. It was to be overturned until Christ would come and then never again overturned when it will be re-planted back in Jerusalem, Palestine. That throne was in Jerusalem. The throne of the house of Israel was up in Samaria. Samaria was the capitol of Israel. But the king and kingly line was in Judah and the capitol in Jerusalem. And so, Jeremiah was used in pulling it down.

12: 28 MIN

HWA: Because Judah was called the green tree, now they dried up and became a dried tree. And Israel was the green tree and that throne was to be pulled down and prophecy says was to be planted in Israel in plain language in the prophecies of your

Bible. And so, wherever the House of Israel had gone, Jeremiah went there to plant. Because he not only was to root out, to pull down, and to destroy, and to throw down that throne of David and his dynasty; his descendants, Zedekiah was the last one to sit on that throne, but he was also to build and to plant the very thing that he had torn down which was the throne. He took [one of the king's daughters](#), he went to Ulster in northern Ireland, and there that daughter, a young princess, and a queen married, that is she became a queen, and she married King Harabond, who was descended from Israel and of the same line of Judah, actually he was descended from twin brother of the line of Zedekiah and there had been a breach between them. That breach was healed and that dynasty had been not extinct or anything, it was just overthrown, that's all, or overturned as the King James Translation has it. And it was [moved up into Ireland](#). It was overturned again and [moved to Scotland](#) later. Later it was overturned and moved to [London, England](#) where it is at this very day. [Once more](#), its to be overturned at the second coming of Christ and [moved back to Jerusalem](#), Palestine, never again to be overturned. Now, I suppose that sounds rather fantastic to some of you as some of you have never heard it.

14: 13 MIN

HWA: And, I want to just say to you my friends, if this is knowledge as it is; that has been closed and sealed until now, as God says the prophesies would be, do you know any organized, large established and recognized church denomination [that has ever changed its doctrine](#)? No, you don't. No church would dare accept something it didn't have a hundred, two hundred or five hundred years ago however long it has been in existence. They're [afraid to change their doctrines](#). And so, my friends, you have just got to find this independently as a child of God if your mind is open to it. You will have to [quit relying on man](#)! God says put not your trust in man, or in the princes of man. Have love and charity for man, but put your faith in God and in the word of God. Now if you look to the word of God instead of looking to men and what they say, and how they try to ridicule things they can't honestly answer, get this booklet the United States in Prophecy. Check it and prove it. No one has ever disproved it.

15: 17 MIN

HWA: Alright, now he was set over these nations not only to tear down that throne in Judah, but to plant and re-build it in Israel. Now then let's proceed and I'm going to go ahead a little while with the Moffat translation beginning there with verse eleven: ([Jer 1:11](#)) Now the word from THE ETERNAL came to me, says Jeremiah. God said to him, Jeremiah, what do you see? [Now He was in a vision]. And Jeremiah said, the shoot of a wake tree. ([Jer 1:12](#))--And THE ETERNAL said to me, You have seen right for I am wakeful over my word to carry it out] I want you to notice God Almighty has never changed. Jesus Christ is the same yesterday, today, and forever - He has never changed. And He says I am wakeful over my word [to carry it out](#)!

Listen, every prophecy that God gave that was to have been fulfilled prior to this time has been fulfilled..., right precisely on schedule. Why ancient Egypt was to be reduced from the greatest nation in the world to a small nation never again to be ruled by a native prince..., that happened! Ancient Babylon, the greatest empire on earth, the first world ruling empire was to be destroyed..., that's happened! Rome was foretold even before it rose in its greatness and its power, greater than that of the Chaldean or the Persian empire or Greece or any of those ancient nations but it was to have a fall, it had it in 476 A.D., but it was as seven resurrections, six of which have come and the seventh is coming now. And it's going to be there to fight Jesus Christ at His second coming. I tell you my friends these prophecies of God are sure. God has given you promises in the Bible. He's promised that even in all your troubles and if you come to Him and come to the throne of Grace where Christ is at the right hand of God that you'll be delivered out of all of your troubles. That he will supply all of your need, that He will heal you when you're sick. I don't mean go to some professional healer or someone uses it as a means of drawing thousands of people in great vast evangelistic campaigns or something of that kind. Christ didn't do that sort of thing. But Jesus Christ does heal. No man can heal. But Christ still does. He the same today as He was then. And He is wakeful over His word to carry it out. You think He's gone to sleep? You think He's gone way off? I just want you to notice that. That He says I am wakeful now I'm in red ink right this minute while I'm talking to you. I'm marking that good and strong in my Bible, I want that to stand out so that I'll see it the next time I see it there that He's wakeful over His word to carry it out. Well, I've got this whole page marked all around it and that was underscored but not as bold as I wanted it, so I'm making it bolder. Do you mark your Bible..., well unless you feel you shouldn't and that your own personal feeling in the matter I think..., if you do mark it though I'd mark that and make it stand out so you'll see it.

18: 31 M/S

HWA: (Jer. 1:13-15) Now, the word of THE ETERNAL came to me again saying, What do you see? And I said, I see a boiling cauldron; fanned from the north. Then THE ETERNAL said to me, from the north [is bane being blown out on all the inhabitants of the land for God says I am summoning all the empires of the north; all the empires of the north, they shall come and erect their tribunals and so on. By them, God says, will I pass sentence on the wickedness of those who forsake me to offer sacrifice to other gods and to worship what their own hands have made.

19: 12 MIN

HWA: Now my friends, there's a duality in that. There's another key to understanding prophecy that has been hidden though all these years. Now, you have to have these keys to unlock the door of prophecy. But God's time has come for them to be unlocked. God is opening the idea of these keys so that we can understand them. One key is the identity of who Israel is and who Judah is today, and the fact

that they were two different people, two different nations altogether. Another key is the duality and every thing in God's plan and His working out of His purpose is duel. There was the first man Adam, a living soul made of the earth, but there's a second Adam from heaven, Jesus Christ. There was the old covenant and the new. Everything is duel. All the way through. First we are mortal and human. Later we are to be divine and spirit.

AC: Below Mr. Armstrong explains about type, antitype, former, forerunner, physical and spiritual and this is the most material I have seen on this subject in one place.

20: 08 MIN

HWA: And, now in prophecy, there is sort of a former which is a type, in many cases it is of a physical nature where the antitype is spiritual. But even in the physical prophesies that are in themselves are physical events on the earth. There is a former which is just a forerunner. Then there is the later one to come in our time now, of which that was only a type. And often, the specific forerunner prophecy occurred way back there before Christ. And yet the antitype is to occur in our time. And that's one of the keys to understand what's coming! Now, of course if you want to argue that's all wrong and you don't believe that, you just believe your own way I haven't any time to argue at all. But I am telling you, my friends, I speak with the authority of Jesus Christ, and this is the truth for all who want the truth.

21: 00 M/S

HWA: Now, this has a duel meaning. And while that happen on Judah, and Nebuchadnezzar was the king that fanned this cauldron from the north, and it came down and it attacked and it invaded and it conquered Judah and Jerusalem and burned the palace and the king's houses, and all that sort of thing there, and the temple in Jerusalem, never the less, it's a type of kingdoms from the north, and remember the north is always north of Jerusalem. And from the north of Jerusalem, on the house of Israel today, is to come exactly such a foreign enemy to have the same effect. Now, my friends, that's a prophecy. And if you can understand it, you can know what is going to happen. And if you can't understand it, you'll just have to wait and see it happen and it will be too late then. Woe to you that live through it. Because if you know and you are watching, and if you know what to watch for, and if you are praying without ceasing, and if you're close to God in obedience and through faith in Jesus Christ, you can escape all of these things that are coming to pass.

22: 14 MIN

HWA: Otherwise, I want to tell you..., it's going to be more hellish than anything that has ever happened on this earth. You better pray you wont have to live through it. Now, continuing verse seventeen (Jer. 1: 17), As for you, he said, brace yourself up, and tell them all that I command you. There has to be a modern Jeremiah today to tell

the people of the great antitypical part of that prophecy that is going to happen today. Well, I'm telling you, my friends. If you have an ear to hear, God help you to open those ears to hear and to open your mind and not to be bound by men and men who have rejected the very gospel that God sent by Jesus Christ into this world.

22: 52 MIN

HWA: He says here to Jeremiah never be scared of them, lest I scare you at the sight of them. I fortify you this day like a town; a bronze wall against the whole land, against the Kings of Judah, the authorities, the priests and the laity. They shall attack you but they shall not overcome you for I am with you, THE ETERNAL, and promises to succor you. Yes, and I'm being attacked on these very things today for proclaiming them, my friends. But it is the truth. And I want to tell you the very prophecy of Jesus that you'll find in Matthew 24 and verse 14 is being fulfilled in your ears this very second. So if you have ears to hear, you better open them and listen. Now, less come down to the second chapter now, because I'm not going to take every word of it, I want you to get the meaning and the message to us today. What's all this got to do with the United States of America, what's that got to do with you right there in your town, your city or out at your farm in your community where you live right now? Well, listen:

24: 00 M/S

HWA: And it says here, verse four, chapter 2, ([Jer. 2:4](#)), Listen, to THE ETERNAL's word, O house of Jacob, [Not house of Judah, house of Jacob]. Now the house of Jacob, my friends, had been driven out into a captivity and completely out of Palestine over a hundred years before this was written. And yet Jeremiah is writing a message to the house of Jacob! How did this come? He's telling about a future invasion and captivity to the house of Israel. That has never happen from that day until now! Now, the captivity of Judah did happen in Jeremiah's time. That, as I say, was only a type, a forerunner of what is going to happen to Great Britain and our own beloved America. So you better open your ears. Oh, house of Jacob, and all the families of the house of Israel, and in your Bible, my friends, that never means the Jewish people. Never, the Jewish people are the house of Judah. Listen, here's God's message,

25: 05 MIN

HWA: ([Jer 2:5](#)) What did your fathers found wrong with me that they went far from me, [yes, back in the days of Moses, and back in the days here of Elijah. And Elijah warned them but they wouldn't heed. What happened my friends, what did our fathers way back there find wrong with God that they went for from Him; went after empty idols and became empty themselves?] Most of your lives that you people listening to me this minute are empty and they could be so full if you would only come to God's truth, if you'd recognize God's holy laws that are in motions and that are moving and accept them and live by them and obey them and they'd make your life full and abundant and happy. Listen,

25: 47 MIN

HWA: ([Jer. 2:6](#)) They never said, Where is THE ETERNAL who brought us up out of the Egypt's land, back in that day, now what are we saying back in our day in the twentieth century? Come to verse seven.

25: 55 MIN

HWA: ([Jer. 2:7](#)) Yes, God says, I brought you to a garden land, to eat the fruit and the good things of it. Now, that was Palestine. But today, He says to us, He bought us a garden land over here in the United States of America to eat the fruit and the good things of it and that applies to us today. So, listen, but when you entered, you defiled my land, and you made mine heritage abominable. My friends, that what we've done here in the United States of America.

26: 27 MIN

HWA: ([Jer. 2:8](#)) The priests never asked, Where is THE ETERNAL? Those who handle the law cared nothing for me: the rulers rebelled against me. Why the preachers tell you today, my friends, you shouldn't obey God, you're not saved by works. They tell you there's no works to it. All you have to do is just believe, just believe but don't obey. Do what you please, follow the traditions of men, and Jesus Christ said you worship him in vain, by following the traditions of men and making the laws of God of non-effect by your traditions. God help us to wake up. Yes, He said, The priests never asked, Where is THE ETERNAL? Those who handle the law. That is God's word, the Bible, the Gospel, only they try to do away with the law, they cared nothing for me, said God, the rulers rebelled against me. They don't want to obey God, they want to go along with human customs, with pagan traditions that God condemns and tells you to come out of them or you're going to suffer the seven last plagues of God! God help you to wake up. The prophets prophesied by Baal and sought useless idols. Do you know where Christmas came from? Out of Baal worship, it is the birthday of Baal the sun God, and not the birthday of Jesus Christ. When are we going to wake up and get out of these traditions of men. Alright, write for our booklet about Christmas if you want to know the history or it; if you're not afraid, my friends, of being shocked. And if you love truth, instead of error, I'm going to have to stop right there. I wish I could go on but now we're going to carry it on. He comes into prophesies now about the United States of America and what's going to happen to us in the next five, ten, fifteen years. Do you want to know what you're going to live through and what going to happen and your children are going to live through? I tell you these things are certain. Remember, God is wakeful over His word to carry it out. I'm going to give you that word and it's going to be carried out. Alright, now, I've told you, about the booklet the United States in Prophecy, and that's a key and you can't understand your Bible because a third of it is prophecy also mentioned the booklet once again about Christmas. If you don't know the truth about

that. Now then, there's no charge, at all, you'd better write in for those booklets immediately. Put down the call letters of your station and send your request to Herbert W. Armstrong, Pasadena, CA. That's Herbert W. Armstrong, Pasadena, CA. Until tomorrow then, good bye, friends--**28: 56 M/S.**
